About me

Originally a jazz musician and music teacher, I decided to switch careers towards full-stack web development a year ago. The tools I use the most are JavaScript and the MERN stack, and I am currently looking for my first in-house professional experience.

Training

2021: Le Reacteur (Paris) - Full-stack web developping bootcamp

2017 - 2020: Centre des Musiques Didier Lockwood - Professional level jazz school

2011 - 2016: Conservatoire à Rayonnement Région d'Aubervilliers - La Courneuve, France
Diplôme d'Études Musicale in jazz violin, first class honors

2008 - 2010: Jeanne Hachette high school, Beauvais, France
High school diploma, literature & music majors, third class honors

Professional experience

Since 2021: Switching careers towards full-stack web development

- Create websites and web applications from the back end to the front end
- GitHub
- Technological watch

2014 - 2021: Violin (classical and jazz), piano and music theory teacher - Miscellaneous music schools and conservatories

2012 - 2014: Music education teacher - Miscellaneous middle schools

Since 2008 : Musician - Jazz, pop music and classical music

Skills

Full-stack web development

HTML/CSS, JavaScript, React, Node.js, Express, MongoDB, GitHub

Music

Live performance, improvisation, composition, arrangement, studio, teaching

Writing

Excellent writing skills, both in French and English

French & English

Native level in French, bilingual in English
